

RASCALINO

2001 Elite Hanoverian Stallion

2023 Breeding Contract

Hawk Hollow Farm

Erieville, NY

2023 STALLION SERVICE CONTRACT FOR TRANSPORTED SEMEN

NAME _____ EMAIL _____

ADDRESS _____

CELL PHONE _____ HOME/ALTERNANTE PHONE _____

The afore mentioned person (here forth referred to as mare owner) enters into this agreement with Hawk Hollow Farm also referred to as HHF or Stallion Owner in this contract. Mare Owner states that they are the owner or lessee of the mare to be bred which is named below.

This service agreement is for the stallion Rascalino to be bred to the mare _____.

Mare owner agrees to pay \$1600 (total breeding fee with all discounts and fees accounted for including \$500 booking fee) for this breeding for the 2023 season. This agreement has a two-year live foal guarantee and if the mare does not get in foal in 2023 a reduced booking fee of \$250 would apply for the 2024 Season.

Stallion Owner: assumes responsibility to deliver live semen in viable condition at the time of delivery to the provided shipping address. This semen must be administered by a licensed veterinarian or a breeding technician that has been previously approved by HHF. If semen shipment is used for a mare other than the named mare in this agreement without approval from the Stallion Owner a standard breeding fee and completed contract will be due to HHF immediately. This approval constitutes a part of the contract and without it the live foal guarantee is invalid. The semen must be administered the day of delivery or the stallion owner shall be considered to have fulfilled the contractual obligations and no further guarantees may apply. In the event of stallion death or the inability to produce and ship viable semen from the stallion HHF will substitute this fresh semen agreement for frozen semen or the payment can be refunded at the mare owners discretion.

In case the mare does not conceive in the 2023 breeding season, HHF guarantees return privileges for the contracted mare during the 2024 breeding season (March 1st - September 1st). A different mare may be substituted with permission of the stallion owner and a statement from a licensed veterinarian. This contract is transferable with written permission of stallion owner and a \$150 transfer fee.

Should the mare not produce a live foal that stands, sucks, and survives the first 48 hours after birth, the mare owner shall be entitled to above-mentioned return privileges. This guarantee shall only apply if the stallion owner is notified within one week of the foal's death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes invalid. This clause is also binding in case of abortion. If the mare lost her pregnancy, HHF requires a written statement or verification of this fact, mailed or emailed from the attending veterinarian.

Mare Owner: shall assume all responsibility for the condition of the mare and shall bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold the stallion owner or agent harmless for all damages associated with previously mentioned breeding. A uterine culture is recommended before breeding if you have an older mare that is not a maiden, a mare that has had a difficult birth/retained placenta at their last foaling, aborted last pregnancy or if you have any other reasons to be suspicious of her uterine health. If a culture was not done and the mare does not check in foal after 3 attempts, we reserve the right to request a culture and any other further tests that your reproductive veterinarian suggests.

Diligent effort will be made to settle the mare, however if the mare does not settle the Stallion Owner will not be held liable for any losses experienced by the Mare Owner.

I understand my mare must be examined by a licensed veterinarian with an ultrasound machine around 14-16 days and about 50 days after the last breeding day. HHF will need to be notified of her pregnancy status at that time by phone or email.

Mare owner will provide photo(s) of the mare (with the contract) and photo(s) of the foal before the foal becomes a year old to stallion owner.

Fees, Collection & Shipping: A credit card to pay for container, collection and shipping is required (please fill out credit card sheet included in your packet) to order semen. One collection is included with the stud fee. Each regular collection thereafter is \$195 each. Orders made the same day you wish the semen to be shipped will be accommodated if possible, but will incur a \$75 fee. Approximate transportation costs are: Federal Express and Airline Costs are determined by your location. Courier Service to Airport: \$125.00. High quality disposable containers: \$45 Mare owner pays for the disposable shipping container. They cost less to ship and do not need to be returned. Shipments outside of the regular season, April 1st - September 1st, will be accommodated when possible, also a \$50 fee applies. Mare owner is responsible for all shipping expenses involved in this breeding. The first collection is included in the stud fee, but shipping & containers for the first collection, or any other collection, is not included.

Person/Farm and Address where the semen will be shipped to: VERY IMPORTANT!!

Person/Farm: _____

Address: _____

Closest Airport in the case of counter to counter shipping: _____

Fill out below completely and return along with a copy of your mare's papers. Breeding reports can be sent to the AHS, ARS, GOV, Hungarian Sport Horse, and RPSI. We will send completed certificate, if needed, to you and the breed organization you will be registering the foal with prior to foaling. Please let us know if a breeding certificate is needed for the registry that you will be registering your foal with.

Important Summary Sheet

Complete all parts and sign breeding contract. Thoroughly read contract before signing to prevent any misunderstanding or miscommunication.

Send the following items to Hawk Hollow Farm

signed contract

a copy of your mare's papers

Photo(s) of your mare

Mare Information Sheet if she is being bred at HHF with fresh semen

Credit card authorization form

Rascalino's breeding fee in full (or indicate if you wish it to be charged on your provided charge card)

No semen will be shipped unless agreement is signed by both parties and all fees are paid in full.

Should breeding on more than one cycle be required, additional collections will be made at a fee of \$150 for each shipment. Your credit card will automatically be charged for this fee as well as shipping charges and shipping container.

FedEx or airfare shipping costs to be paid by Mare owner's credit card. Airport courier fee of approximately \$150.00 per shipment in addition to the cost of the airline ticket for those collections that are going counter to counter.

Notify us when you wish to receive your shipment of semen and where to ship. **Remember 24-hour notification prior to the time the stallion needs to be collected is appreciated.** Semen will be collected any day as needed if there is shipping of some type available to get the shipment to you.

Please notify us when your mare is checked in foal or open for each breeding cycle. Email Chris@hawkhollowfarm.com, call or text 315.558.8525
